

Fund the Mission

Catholic Education is a choice that each of us has made for our family. By making this choice and sacrifice, we are giving our children a very significant gift...the gift of education. St. Margaret Mary School is the foundation of learning and offers excellence in education which rises above all the rest. The remarkable educational experience at St. Margaret Mary allows each student the opportunity to accomplish great achievements. These achievements will continue on with our students throughout their life.

In order to continue our outstanding educational program, we must rely on the support of our parents, friends and parishioners. Your financial support guarantees the endless accomplishments of our students.

This year your Fund the Mission donation will go directly to the advancement of our school's Math and Technology curriculum. Some of our priorities for these funds will include...

- **Microsoft Chrome Books** ~ Starting in the 2016-2017 school year, our goal will be to equip each middle school student with a Microsoft Chrome Book. This technological advancement will allow students to utilize the device throughout their educational career at St. Margaret Mary.
Cost ~ Approximately \$10,000 for 30 Chrome Books
- **I-Pads** ~ Students in grades K - 5 will have access to 4 I-Pad carts which will continue to be utilized in the classroom. Updates will be made to our current inventory to ensure the best use of technology for every student.
- **Reflex Math** ~ The enhancement of our math program is always a high priority at St. Margaret Mary. A grant for the program Reflex Math was given to two of our teachers this year and has proven to be highly successful. In the 2016 – 2017 school year, we would like to expand this in the primary classrooms.
Cost ~ Approximately \$1200 per grade level

Please take a moment to reflect on your Fund the Mission donation and how it will impact your child's educational experience. We greatly appreciate all donations. Thank you.
